# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                      |                                                                                                                                                                                                                                                                                                                                 |                                 |

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

## CERTIFICATE OF DEATH

REG. NO. 71 10353

## FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

| BALTIMORE CITY HEALTH DEPARTMENT                                                                                                                                                                                                                                                                           |         |                                                                                                                                                          |                                                                                       | REG. # FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

N 8534018309

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

Spelling of Item 6 and given name of Item 13 changed--SMN

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

Funeral Director: Important  
Released Non-Med - Dr Spitz

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

## CERTIFICATE OF DEATH

REG. NO. 71 10373

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

7/1/65 - Adm.

Housewife

#24 Mrs Evelyn Carroll 6200 Elliott St

Burial Nov 9 '75 London Park Cemetery Baltimore, Md.

Leonard J. Ruck, Inc. Baltimore, Md.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

BOBO FROM WILLIAMS

BOBO FROM WILLIAMS 1978

Jeff Davis

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

| BALTIMORE CITY HEALTH DEPARTMENT                                                                                                                                                                                                                                                                                                                                                                                                            |                         |                                                                                                                                                             |  |                                                               |                                                                                                                                                                                                                                                                                                                                          |                                                                            |  |                                                   |  |

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

## FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

Wm. K. P.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

|                                                                                                                                                                                                                                                                                                                                             |  |                                                                                                                                                             |  |                                                                                                                                                                           |  |

ACADIA

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

## FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Underdetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

| Baltimore City Health Department                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                         |                                                                                                                                                             |                                                                                                                                                           | REG. FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.
